

THE BENJAMIN

12-Choice Pillow Menu

The Benjamin is pleased to offer the following pillows as a benefit of our comprehensive sleep program.

Upper Body - Candy cane-shaped pillow for head and upper back support. *Recommended for those who sleep on their side.*

Buckwheat - Buckwheat hulls conform to the head and neck for maximum support and stress reduction. *Recommended for those who sleep on their side.*

Satin Beauty - Soft foam designed to reduce pressure on facial bones. Silky satin cover helps maintain hairdos overnight. *Recommended for those who sleep on their side.*

Hypo-Allergenic - Relieves sneezing, morning headaches, sinus congestion and other symptoms associated with allergies to feathers, fibers and dust. *Recommended for all sleeping positions.*

Snore-No-More - Reduces snoring to promote a deeper more restful sleep by elevating the chin from the chest, keeping the airway open. *Recommended for those who sleep on their back.*

5-Foot Body Cushion - Aligns the spine for better sleeping posture while reducing neck, back and joint pain. Perfect for pregnancy or recovering from surgery. *Recommended for those who sleep on their side.*

Water-Filled - Positions head and neck naturally for instant relief from headaches and neck pain. Vinyl cushion fills with warm or cold water, adjusting firmness and support. *Recommended for those who want to personalize how they sleep.*

Swedish Memory - Space-age foam designed by NASA for unique self-molding characteristics. Reacts to body temperature keeping sleepers cool in the summer and warm in the winter. *Recommended for those who sleep on their back or side.*

Magnetic Therapy - Reduces swelling and discomfort, relieves insomnia and fatigue, soothes tense muscles and aching joints, and improves skin tone by stimulating circulation. *Recommended for those who sleep on their back.*

Lullaby - Deeply buried in the hypoallergenic fiberfill, the ultra-thin speakers create an intimate and smoothing sound experience. Simply plug into your MP3 player, CD player or radio. *Recommended for those who sleep on their side, back or stomach.*

Pregnancy - A dense foam wedge offers expectant mothers added support to help ensure a comfortable night's sleep. *Recommended for the mother-to-be who sleeps on her side.*

Cloud - Designed to cradle and support the natural contours of your head, neck, shoulders and back. *Recommended for those who sleep on their side or back.*

If you would like assistance in selecting the perfect pillow, the sleep concierge can give you a full consultation by dialing Extension 610.

Sweet Dreams from The Benjamin
